

## Book A Mover finds a online solution to calculate your moving cost in seconds

**Brisbane, Queensland Apr 18, 2022 ([Issuewire.com](https://www.issuewire.com))** - Book a Movers provides an extensive live price estimator with all the details that removalists use to determine the cost of moving. Customers will know upfront how much they need to pay without being concerned about hidden fees thanks to the real-time [live price estimator](#).

The removalist life price estimator contains all elements that a moving company considers while estimating a price - the type of property, the number of bedrooms, the number of occupants, and access points to and from the truck. With [Book a Mover's](#) live price estimator, customers don't have to contact the removalists to find out how much it will cost them. Instead, they can go right to the website and find out how much it will cost instantly.

A large number of clients have expressed interest in Book a Mover's live price estimator. There are thousands of people checking the cost of their move with a removal company every week. Many Australians have even used this calculator to find out what rate is acceptable when relocating their houses.

The predicted cost shown in the estimator includes the required tools and equipment, GST,

accompanying two men, and fuel levy charges. In addition to wrapping the furniture, the estimate covers the wrapping of the appliances in the house as well. For customers who need packing services for every item in the house, an extra charge will be added to the estimate.

Book a Mover has proven itself once again by implementing cutting-edge technologies. In creating the live price estimator, we took into account the ease of use of users in addition to the details needed to arrive at a near-accurate estimate. Our team has been collecting feedback from users regarding the automatic live price estimator. We are in the process of adding more features to make it more customized and accurate in the future.

### **About the Company:**

Book A Mover is one of Australia's leading removalists. Since 2007, we have been the preferred local removalists in Brisbane for scores of customers. At affordable removalist prices, we provide unmatched services for everyone, from individuals to businesses. In all moving situations, whether it is a local move within Australia or a move interstate, we ensure our clients will have complete peace of mind with our quality moving assistance.
