

Brenon L. Abernathie, MD, FACS: a Plastic, Reconstructive & Hand Surgeon with Westmed Medical Group

Get to know Plastic, Reconstructive & Hand Surgeon Dr. Brenon L. Abernathie, who serves patients throughout the State of New York.

New York City, New York Apr 7, 2022 ([Issuewire.com](https://www.issuewire.com)) - An excellent plastic surgeon with specialty training in hand surgery, Dr. Abernathie is affiliated with Westmed Medical Group, seeing patients in Rye and Yonkers, New York. While practicing the breadth of aesthetic and reconstructive plastic surgery, he maintains specific interests in post-bariatric body contouring, breast reconstruction, and

treatment of upper extremity compression neuropathy and arthritis.

Westmed Medical Group is an award-winning multi-specialty medical practice, staffed by a team of 500 top physicians and advanced care providers and 1,500 clinical employees, throughout their thirteen office locations in Westchester County, New York, and Fairfield County, Connecticut. They believe that the high-quality care they deliver, along with the convenience of our full-service medical facilities, creates a superior patient experience, fosters better communication, yields more effective treatment plans, and ultimately produces improved health for the patients and communities they serve.

Throughout his academic career, Dr. Abernathie received his Bachelor of Arts degree in Biology with honors from the University of Missouri – Columbia. He was awarded his medical degree from the University of Missouri – Columbia School of Medicine and then completed his residency in plastic surgery at the University of Medicine and Dentistry in New Jersey. He continued his training with the completion of a fellowship in hand surgery at New York University in 2014.

A member of the Alpha Omega Alpha Honor Medical Society, the doctor is board-certified in plastic surgery and hand surgery by the American Board of Plastic Surgery (ABPS) and a fellow in the American College of Surgeons (FACS).

Among his other roles, he can be found on staff at Greenwich Hospital, Rye Ambulatory Surgery Center, and White Plains Hospital.

Plastic surgery can be reconstructive as well as cosmetic and pertain to any area of the body. Plastic surgeons are trained in both surgical and non-surgical means to improve function and appearance. Specialty training in hand surgery allows for improved ability to treat traumatic and non-traumatic issues pertaining to the hand, wrist, and upper extremity including problems such as fractures, arthritis, and disorders of tendons and nerves.

Among his various accolades, Dr. Abernathie has been the recipient of the Patients' Choice Award (2017, 2016, 2015), On-Time Doctor Award (2017, 2016, 2015), and Compassionate Doctor Recognition (2016, 2015).
