

# Chetu Announces AWS Select Partner Status

**Global Software Developer Joins Amazon Web Service Partner Network to Provide Certified DevOps Consulting and Cloud Solution Development Services to Clientele Worldwide**

**Sunrise, Florida Apr 25, 2022 ([Issuewire.com](https://www.issuewire.com))** - Chetu, a leading developer of custom cloud software solutions, today announced its new status as an Amazon Web Services (AWS) select partner. Now a featured member of the AWS partner network, Chetu's certified experts are expanding their ability to provide DevOps and cloud-based development services to its clients across the industry spectrum.

As a leading provider of on-demand cloud computing services, AWS provides its users the ability to easily and securely develop, and host their vital business applications at an affordable rate. To assist its users, AWS relies on a skilled network of expert developers, like Chetu, to help with migrating, integrating, configuring, developing, deploying, and scaling their solutions on AWS's cloud network. Recognized for their proven technical expertise and commitment to customer satisfaction, AWS Select partners are certified to provide the services users need to truly optimize their web and mobile applications and the overall AWS cloud experience.

"Chetu has been committed to delivering world-class AWS development services to its clients, and we are proud to officially join the partner network as a Select partner," said Tyler Boykin, vice president of sales at Chetu. "With this latest certification, we look forward to providing even more clients with top-of-the-line AWS cloud solutions and DevOps services throughout the entire development lifecycle."

Along with offering its standard flat-rate support for AWS development, Chetu also offers its Block of Hours program as a cost-effective alternative where both current and past customers can secure technical and non-technical support services. Block of Hours is sold in 100-hour groups with reduced rates contingent on hours purchased.

For more information on Chetu, including its Continuous Integration (CI), DevOps Engineering, and AWS Application Deployment & Monitoring services, please visit <https://www.chetu.com/solutions/cloud/aws.php>
