

CleverGet 2.0.0.0 for Windows and Mac Went Public with New Twitch Downloader Module

CleverGet 2.0.0.0 is recently unveiled, which was added new Twitch Download module. With this tool, users can save up to 4k 60fps HD live videos and past broadcasts from twitch easily at high speed.

Shenzhen, Guangdong Apr 11, 2022 ([Issuewire.com](https://www.issuewire.com)) - When referring to gaming, Twitch is undoubtedly the most popular and widely used streaming platform in the world. Originally just a place for players to stream their own games, it has become a hub for people of all interests to create content and share it with millions of online viewers. However, Twitch only allows users to download their own videos instead of videos from other channels. CleverGet, the world's leading online source downloading solution provider trusted by millions of worldwide customers, launched CleverGet 2.0.0.0 version with Twitch Downloader to download Twitch live streams and past broadcasts easily. This tool was born out of a need and is ready to help fellow twitchers to untwitch and get on with their lives without too much data transferred in the process.

CleverGet 2.0.0.0 Version Key Features

CleverGet 2.0.0.0 version added a new Twitch Downloader module, which introduces several useful features in Twitch enjoyment:

- **Download Live Videos and Past Broadcast.** The inherent browser can help [download Twitch live streams](#) and recorded broadcasts conveniently. All videos are saved within one click. Just type in a direct live video URL or search for lives, click on analyzing button and it will get the M3U8 link to download automatically.
- **Up to 1080P Live Streams Downloading.** Featuring Twitch live video downloader, CleverGet 2.0.0.0 downloads live streams from Twitch with perfect details retained.
- **Download 60fps Twitch Clips.** Up to 60 fps videos are downloaded. This will certainly give customers smooth, crisp, and real-life-like gameplay live streaming playback.
- **Save Twitch Videos and Clips to MP4.** It is known to us that MP4 formats are well supported by players and devices. CleverGet Twitch Downloader saves Twitch videos and clips to MP4 for your convenient playback.
- **Batch Downloading.** It kindly offers a feature for users who want to download Twitch live streams in batches. Compared with products of its type, CleverGet Twitch Downloader will certainly save your time.
- **Built-in Player and Browser.** With a built-in browser, searching and downloading videos is as simple as browsing a site. Better yet, you can freely enjoy offline video within the inherent player without additional software.
