

Dangbei Wins Excellent Cooperator Prize in China Unicom Partner Conference

At the China Unicom Partner Conference, telecom provider China Unicom (equivalent to AT&T in the US) awarded Dangbei, a strong competitor to XGIMI in the Chinese projector market, the Outstanding Partner Award.

Alabaster, Alabama Apr 15, 2022 ([Issuewire.com](https://www.issuewire.com)) - China Unicom Partner Conference has been held successfully in Beijing, China recently. At this conference, the leading telecommunication provider China Unicom, an equivalent of AT&T in the US, conferred the Excellent Cooperator Prize on Dangbei, a powerful rival of XGIMI in the Chinese projector market.

Dangbei is one of the 12 winners of the Excellent Cooperator Prize together with Huawei, ZTE, Alibaba, Xiaomi, Tencent, iQiYi, Xiao Du (a subsidiary brand of Baidu), Volcano Engine (a subsidiary brand of Tik Tok's parent company ByteDance), and other tech giants.

China Unicom has cooperated with many tech giants to fully upgrade smart home businesses and promote digital transformation. In the big screen device section, Dangbei provides plenty of superior content for users.

Dangbei is a unique and strong brand that incorporates both hardware and software solutions in terms of smart big screen areas. With high quality and innovation as the core principles, Dangbei joins hands with China Telecom to build a smart home ecology and forms versatile smart home scenarios, which provides a new pattern for smart home business.

For the time being, Dangbei has served more than 200 million home users by means of various services. Its business covers software for big-screen devices, such as Dangbei Market, Dangbei OS, BesTV, and

hardware products, such as Dangbei projectors, and TV Boxes, providing more possibilities for smart home users.

Nowadays, 5G telecommunication, cloud computing, big data, blockchain, and other new technologies are integrated closely. The cooperation between China Unicom and Dangbei can provide smart home users with more fun and happiness.
