

Digivive Services Private Limited | Press Release

Digivive services private limited is one of the top OTT solution provider company

Gurgaon, Haryana Apr 15, 2022 ([Issuewire.com](https://www.issuewire.com)) - Digivive services private limited is one of the top OTT solution provider companies across the globe. It also owns the nexGTV app. In 2010 Digivive launched India's first OTT mobile app called nexGTV, which provides access to both live TV and on-demand content. nexGTV is the first app to live-stream Indian Premier League matches on smartphones and did so in 2013 and 2014.

Digivive provides services like OTT solutions, Video CMS, Cloud playout services, Live streaming, and Billing & Subscription. Digivive can create an application that will be comfortable to work on any technology like IOS, Android TV, Apple TV, FireTV, WebOS, and all the types of screens.

Digivive gives high definition 4K quality with Dolby audio support.

Business & monetization is one the most important for any OTT business owner. Digivive gives you option's to choose from monetization options as per your needs.

Advanced content management system: An easy-to-use Content Management System to manage your content simply from an intuitive interface. Whether you have a few video clips of thousands of movies or TV series, our CMS makes it easy to sort, manage, and organize your entire video library.
