

ExpenseAnywhere Appoints Croyden Pereira, Vice President of Sales in India and Asia-Pacific

Helping businesses experience excellence!

Pennsylvania , United States Apr 26, 2022 ([Issuewire.com](https://www.issuewire.com)) - ExpenseAnywhere, a global leader in corporate spend management automation solutions is pleased to announce the appointment of Mr. Croyden Pereira as Vice President of Sales & Marketing for India and the Asia Pacific rim. In addition, Mr. Pereira will be Head of Operations at ExpenseAnywhere Technologies Private Limited, an ExpenseAnywhere subsidiary in India.

Mr. Pereira is a recognized thought leader in the corporate travel industry in India and brings phenomenal industry knowledge, market credibility, and sales and marketing expertise to our company. He joins us from Yatra Online Travel, where, as the Head of Sales and Client Management for the past seven years, he was directly responsible for Yatra's exponential growth and market-leading position in the corporate travel. Prior to Yatra, he worked for over twelve years in various roles & ultimately as Head of Sales for Kuoni Business Travel in India.

Dr. Ashok Dhar, CEO of ExpenseAnywhere, said, "We are excited to have Croyden as a senior executive at our organization. We look forward to his leadership in accelerating our growth and expansion in India and other Asia-Pacific countries and wish him tremendous success."

ExpenseAnywhere is a global provider of the most advanced and highly configurable solutions for automating corporate spend management processes. Our One-Click, Touchless ExpenseAnywhere solution for end-to-end travel and expense management automation delivers fully audited expense reports ready for submission and payment in a few seconds. In addition, the InvoiceAnywhere solution for P2P and Supplier Invoice Management delivers 100% accurate invoice data capture and 2/3/4-way PO-validated invoices for approval and payment processing. These solutions reduce the implementation and delivery time, resulting in faster deployment, reduced training, and support costs while increasing productivity and ROI.
