Fiercely Peaceful Productions.Org announced today that they are joining forces with Boston psychotherapist, Jennifer Carey, Ed.S, LMHC, to produce The WOW STAGE weekend in Rockport, Massachusetts from May 13, 2022, through May 15, 2022. The WOW STAGE weekend is a long-awaited opportunity for participants to gather and enjoy music, art, and workshops and engage in activities that are both relaxing and fun.

“The WOW Stage is a playground of possibility co-created in the spirit of loving service, self-discovery, and creative expression. My wish is that people come as they are knowing there is a safe space for them and their loved ones to play, explore and rejuvenate after the challenging times we've experienced individually and collectively. So bring your curiosity, your crayons, and your groovy good vibes,” Shannon M. Ward

“It is my sincere hope that anyone and everyone craving connection, creative expression, courage, and inspiration to follow their dreams, will join us for one or all of the events of this weekend of

wonder,” Jennifer H. Carey.

Fiercely Peaceful Productions Org, the *non-profit arm of Fiercely Peaceful Productions.com* has teamed up with **Jennifer H. Carey** to produce “**The WOW STAGE**” weekend which will provide an amazing opportunity for people of all ages and backgrounds to come to play, create, connect, heal, learn and grow. Through live music, movement, art, and workshops, participants will have an opportunity to discover what holds them back from living a creative, meaningful, and joyful life. This event will provide a much-needed space for wellness, reconnection, and integration for the local community after two years of limited social contact and lockdowns due to the Covid Pandemic. Furthermore, the WOW STAGE will help satisfy the need for performing arts and cultural diversity, which most, if not all of us have craved during this time of isolation. This event will support **Windhover Center for Performing Arts**, a non-profit, five-acre farm and educational and community resource. It has been a historical staple for the North Shore community, for over half a century. It's located in the idyllic land of Cape Ann and has transformed and enriched the lives of many through its workshops and performances throughout the years. It has connected a diverse community of citizens from dancers to writers, actors, musicians, fishermen, businessmen/women, carpenters, and volunteers. Proceeds and another fundraising as part of this event will also help support the **Boys and Girls Club of Boston (“BGCB”)**. BGCB’s mission is to ensure all young people in our community have the opportunity to realize their full potential.

- All participants will enjoy a thriving, social environment offering live musical events and workshops that promote delving into obstacles that bind us and the ways we can move forward in life. The WOW Stage event provides memorable connections and an art piece that will inspire participants to live their best lives.

Fiercely Peaceful Productions, LLC started in 2018 and has recently launched its non-profit arm Fiercely Peaceful Proudction.Org in January 2022 in order to better facilitate its mission of fostering curious, intentional, and inclusive communities by creating music, art, and events that integrate well-being, social equity, transformation, and joy.
