GoldenEagle-Golf resort has prepared a short checklist to help golf players choose the appropriate golf ball adapters One of the most important pieces of equipment that you will need for playing golf is a golf ball retriever.

What is a golf ball retriever?

A [golf ball retriever](#) is a device that is used to retrieve a golf ball from a water hazard. They are also known as "golf scoopers" or "golf rakes."

There are many different types and brands of golf ball retrievers on the market, so it is important to do your research before purchasing one.

Here are the types of brands and models available:

Telescoping type - This type of retriever extends and locks into place, allowing you to reach the ball without having to get into the water.

Folding type - This type of retriever folds up for easy storage and can be placed in your golf bag.

Magnetic type -This type of retriever uses magnets to attract the ball and is ideal for retrieving balls from metal objects
