

Grove Token performs better then Bitgert , shiba inu ,Babydoge as a green crypto project

Grove Token better then Bitgert , shiba inu ,Babydoge As big guys has betted on this token

Dubai, United Arab Emirates Apr 21, 2022 ([IssueWire.com](https://www.issuewire.com)) - Grove token performs better than Bitgert, Shiba Inu, and babydoge, in a short period but can it be the next 100x gem as some big guys have betted on this token

CEO of [Grove TOKEN](https://www.grovetoken.com) JOHN is serious about this project as it has an ATH of \$43 million market cap

and is just 6 weeks old with some big guys on the team

Grove is expected to hit a \$100 to \$500 million dollar market cap in 2022 to 2023 Q1.

the green crypto future is possible with grove token with some great utilities the project can hit the 100x target in a short period of time

Green energy contribution

- Hydroponic Farming
- Renewable Energy Partnerships 
- Donations
- Exchange listing 
- Service App
- International Partnerships
- Play to Earn Teaser
- Major advertising events
- Solar panels Residential, Commercial & Agricultural

with coinmarketcap, coin gecko, and big exchanges listing still pending grove token is expected to hit High targets this year.
