

Let's Put Their Hygiene First!

Hygiene Anywhere | Everywhere

Long Beach, California Apr 18, 2022 ([Issuewire.com](https://www.issuewire.com)) - HYGIENE FIRST!

Product name: HYGIENE FIRST VENDING MACHINE

SRP: \$7000

Launch date: August 2021

Our hygiene vending machines are available nationwide by contacting Hygiene First directly

Hygiene First™ is proud to announce our trademarked Hygiene Vending Machines are available nationwide. Our vending machines are perfect for schools, community centers, shelters, indoor/outdoor malls, airports, gyms, and amusement parks. Our machines come equipped with a standard vending machine, trademarked wrap, and filled products for initial installation. Our machines are perfect for homeless shelters, where you can offer free vending, or an amusement park, where you can require

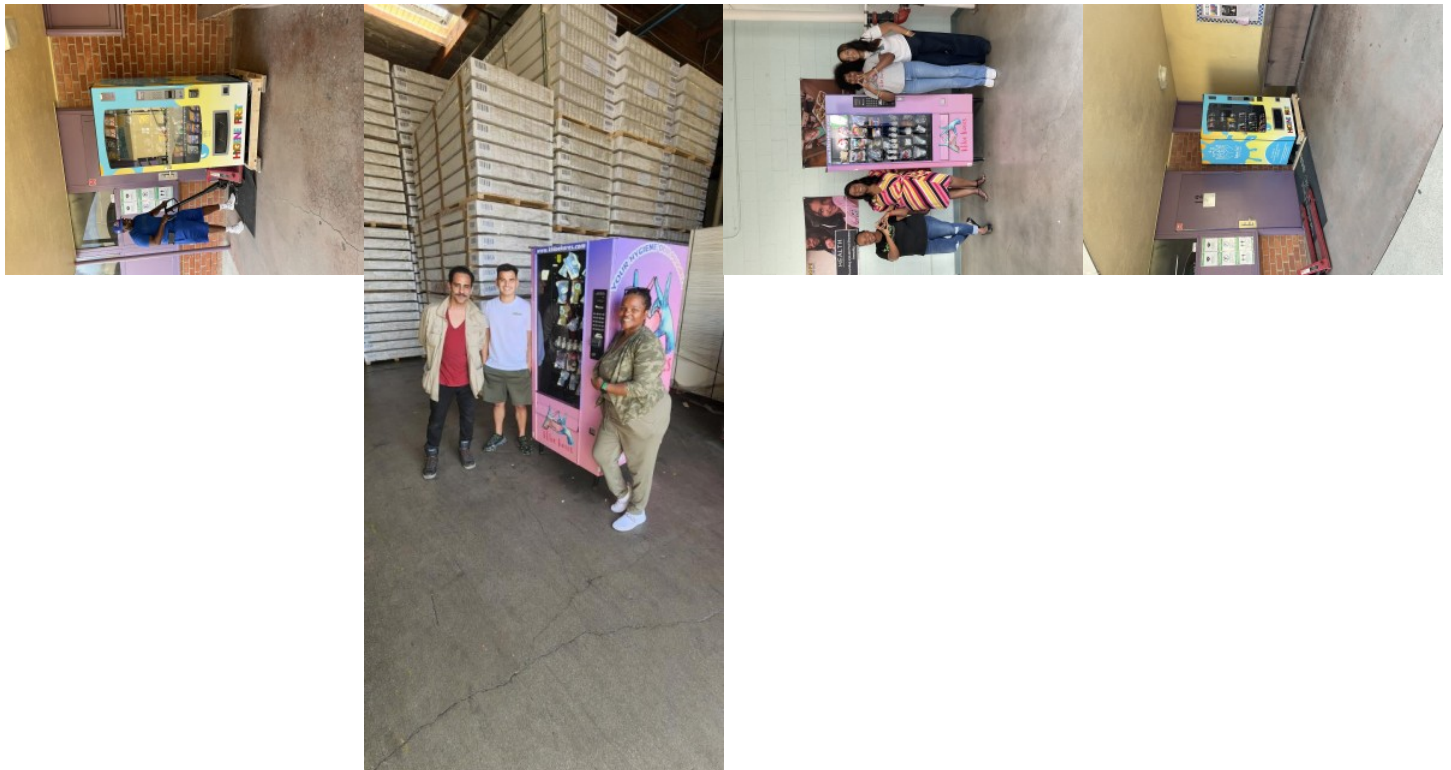

payment. Regardless of placement hygiene is everywhere, so our motto is Hygiene Anywhere | Everywhere.

“Hygiene is your first and last impression” – Nickeya Hannah, CEO

Hygiene First TM has been changing lives for over nine years where we started in schools by hosting hygiene workshops (all girls, boys LGBTQ, or co-ed) for Middle and High School. Our workshops led our efforts overseas in Ghana (Africa) in 2022, by speaking at the NewKoKo Brio School, and the Office of the SCISA women’s commission (COLLEGE OF THE SCIENCE) KNUST. Our CEO, Nickeya Hannah was a featured guest speaker and has led over 100 workshops (in-person & virtual) for over 5 years. Our Hygiene machines can now be found in some of the GreenDot schools (California), and in partnership with Khloe Kares, Inc.

We need action, and your sense of urgency on this: Our CEO (Nickeya Hannah) was once homeless when she experienced homelessness. The lack of income and embarrassment led to her making bad decisions that affected her ability to gain employment. HYGIENE, yes, hygiene also played a major role in her mental health and not feeling worthy.

She learned that your hygiene can change your day, by the way, you communicate, your self-confidence, and your ability to crush an interview. Currently, there are over 600,000 homeless people in LA COUNTY alone. You make a difference by donating a hygiene machine to your local homeless shelter.
