New York City, New York May 6, 2022 ([Issuewire.com](https://www.issuewire.com)) - A certified family nurse practitioner, Lindsay is the Founder and Owner of Lotus Healthcare and Aesthetics in Panama City, Florida. While her focus is primary care with a holistic approach, she is also trained and certified in neurotoxin and dermal fillers. She takes into consideration each of her patients' lifestyles and adjusts their care

accordingly.

The decision to open her practice was made to offer her services to an underserved area; a place where patients can not only receive the primary care services they need but also the aesthetic care that they want.

A born and raised Panama City local with over 11 years of healthcare experience, Lindsay worked her way up from a patient care tech to achieving her Master of Science in Nursing degree at the Chamberlain University College of Nursing in 2020 and becoming a licensed Family Nurse Practitioner.

In order to remain up to date in her field, she is an active member of the American Nurses Association.

A Certified Family Nurse Practitioner (FNP-C) holds certification and provides continuing and comprehensive healthcare for individuals and families across all ages, genders, diseases, and body systems. FNPs maintain patient records, perform physical exams, order or perform diagnostic tests, prescribe medications, develop treatment plans, as well as treat acute and chronic illnesses, conditions, and injuries that fall under primary care.

On a more personal note, Lindsay attributes her success to the people she has had in her life and her love for helping people and seeing them reach their goals.
