

MEDESUN PRIME Launches New Digital Credentialing Initiative with Credly

Training provider aims to close the skills and communications gaps between credential earners and employers for Medical Coders-Globally

DR SANTOSH GUPTHA MERIYALA
CEO, Medesun Healthcare Solutions

Hyderabad, Telangana Apr 18, 2022 (IssueWire.com) - MEDESUN PRIME Launches New Digital Credentialing Initiative with Credly

Training provider aims to close the skills and communications gaps between credential earners and employers

Medesun, the leading performance-based training provider of Medical Coding, Medical Billing, HIPAA, HL7, Specialty [Medical Coding Training](#), etc, today launched a [new digital badging program](#) for its certification holders. Individuals who complete the required courses and earn a passing score will earn a MEDESUN digital credential. FIMC- Fellowship in International Medical Coding

“By providing a secure, digital representation of MEDESUN certifications, our Medical coding professionals can more easily manage, share and make use of their credentials within their networks, across social media platforms, and on their resumes,” said Dr. Santosh Kumar Gupta, CEO of MEDESUN. “For employers, our new digital badges make it easy to identify individuals with the skills they need to build an effective marketing function and to verify that those skills are relevant and up-to-date.”

MEDESUN is working with Credly, the digital credentialing leader, to provide digital badges. Credly

collaborates with top global training providers, credential issuers, associations, and academic institutions that are similarly focused on the power of verified skills and achievements. Credly transforms knowledge, skills, and achievements into digital credentials that empower individuals to connect with learning and career opportunities.

“There’s something very specific to be said about MEDESUN’s new digital credential program,” said Jonathan Finkelstein, CEO of Credly. “I look forward to sharing a unique quote that speaks to that specificity, upon request.” The Digital Credentials are

FHIM-Fellowship Health Information Management

FIMC-Fellowship International Medical Coding

FIMC-EM Coding, FIMC-Surgery Coding, FIMC-Pathology Coding, FIMC-Radiology Coding, FIMC-Inpatient Coding.
