

Nu Man Fatin releases new single Diane

New Music Alert

Atlanta, Georgia Apr 6, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Nu Man Fatin releases a new single Diane

An eclectic Pop/Soul song. Nice, tough, and smooth with some Bop to it! What a groove!

They ask me, “who is Diane?” and to be honest, when I wrote the song, she was the woman I wished I had so that I could do all the wonderful things for her. I’m a romantic, it feels good to imagine great love

and to write about it from a bad boy's point of view.

"Each song is an individual feeling, captured in time and elaborated on. With me it's quality over quantity". Nu Man Fatin
