

Radio Program in Focus: Beyond The Lyrics with Sean Castle on SWR 99.9FM

Sydney, New South Wales Apr 8, 2022 ([Issuewire.com](https://www.issuewire.com)) - We reached out to Sean Castle, host of [Beyond The Lyrics](#) at [SWR 99.9 FM](#). We asked him a couple questions about himself, and what he brings to SWR.

Anyone can get involved and broadcast a program at SWR 99.9 FM! We're always on the lookout for new shows, especially if you can bring something to SWR we don't have yet. Find out more on how you can become involved with one of Sydney's most prestigious local radio stations by [clicking here](#).

What got you involved at SWR?

[Sean Castle](#): Always loved radio of all kinds. Talkback, sport, current affairs, and politics but especially music. I have wanted to be involved in having fun with my own music show for ages and did a radio broadcasting beginners course which was great but due to a very busy job and chasing after 3 kids, I never had the time until recently.

And SWR is my local community radio and I've always listened to them and it made perfect sense being a local to the area to get involved. Community radio is an important part of the mix in making radio and the media accessible and available to everyone and SWR 99.9 FM is at the forefront of that.

What can your listeners expect from Beyond the Lyrics?

[Sean Castle](#): My aim is to let the listeners learn something to take away from either the song or the artists involved. Hence why I called my show "Beyond The Lyrics" – because I want my listeners to go on a short journey with me "Beyond the Lyrics" and hopefully that will build their enjoyment and knowledge.

Who is your favorite artist/band?

[Sean Castle](#): Where do I start? Where do I end?

I love Aussie rock 70-90s as my main passion. AC/DC, Chisel, Angels, INXS, Divinyls, Icehouse, you can run through a massive list of them who were all superstars and are still in big demand on the touring

scene today. Look at the big festivals and see who is still leading – Barnsey, my man Farnsey, Susie De Machi, The Jets and Gleaso leading The Angels. I could go on. I also love the legends from overseas, GnR, Bon Jovi, Bowie, Springsteen – the list is endless.

But I go well beyond rock and love many genres and at the moment love Vance Joy!

And I do love the odd love song and heartbreaker song as well. Whitney! What a voice!!

But I also love local artists. I recently had Lisa Budin in the studio and her range of songs is fantastic she is the best covers version of The Carpenters I have heard. Other Blacktown locals like Cap Carter and Breakfast Road really showcase the talent Western Sydney has to offer.

What does a good night out look like for Sean Castle?

[Sean Castle](#): Anywhere I can see top-quality live music, a good meal, and a drink at a great price.
