Get to know Family Nurse Practitioner, Rajbinder K. Randhawa, who serves patients throughout the State of Pennsylvania.

New York City, New York Apr 11, 2022 ([Issuewire.com](https://www.issuewire.com)) - Rajbinder is a board-certified family nurse practitioner currently affiliated with Everest Urgent Care, seeing patients in Upper Darby and Chester, Pennsylvania. She has extensive experience as a registered nurse working in various specialized units and she is certified in Botox and dermal fillers.

Additionally, she works at Michelle Esthetics in Newtown Square, PA. She performs various cosmetic procedures, such as botox, dermal fillers (ex, lips, cheeks, chin, jawline), IV hydration therapy, and much more. She has been with them for about 6 months now. She holds certifications and continues to take training courses to advance her techniques.

Everest Urgent Care is led by a team of trained, practicing physicians. With more than two decades of medical experience here and abroad, their medical team is dedicated to creating a compassionate, patient-oriented setting for the diverse community they serve. They believe in providing comprehensive healthcare services to patients in a friendly, relaxed atmosphere. They take time to answer patients' questions and are committed to educating patients to help them achieve optimal health.

Academically, Rajbinder earned her Bachelor of Science in Nursing degree from West Chester University in 2017, and graduated with honors from Widener University's Master of Science in Nursing Family Nurse Practitioner Program in 2021.

An active member of the American Association of Nurse Practitioners, she is board-certified as a family nurse practitioner by the American Nursing Credentialing Center, which is a certification body for nursing board certification and the largest certification body for advanced practice registered nurses in the United States.

A Board-Certified Family Nurse Practitioner (FNP-BC) holds board certification and provides continuing and comprehensive healthcare for individuals and families across all ages, genders, diseases, and body systems. FNPs maintain patient records, perform physical exams, order or perform diagnostic tests, prescribe medications, develop treatment plans, as well as treat acute and chronic illnesses, conditions, and injuries that fall under primary care.

On a more personal note, Rajbinder attributes her success to the work ethic that she learned from her parents. A lifelong resident of Delaware County, she is fluent in English, Punjabi and Hindi. In her free time, she loves to be outdoors, cook, and watch Marvel movies.
