

Sunknowledge Offers Complete DME Billing Support at a Cost-effective Rate

Staying current with the shifting DME billing landscape and understanding DME billing complications and its needs, Sunknowledge offers complete DME billing support with improved ROI at only \$7/hr.

New York City, New York Apr 25, 2022 ([Issuewire.com](https://www.issuewire.com)) - The DME billing industry is heavily scrutinized and its policies are ever oppugning. Today staying current with the shifting DME billing landscape is in fact quite a significant challenge for many providers. Plus with the growing demand for Durable Medical Equipment, rising healthcare cost, the complex nature of reimbursement, and the lack of skilled resources/ billers- healthcare practices today needs a reliable partner that can navigate through all DME complications successfully while staying current to the present industry mandates.

This is why Sunknowledge offers complete RCM support lowering your denial rate and streamlining your revenue cycle with a team of expert billers and coders at only \$7/hr

Today maintaining the minimum profitability has become a struggle for many healthcare practices. With problems like inflation, new codes, changing billing regulations, and the shortage of experienced and skilled staff; the problem for healthcare practices seems to have only aggravated further. Today the labor crisis/shortage is not limited to the clinical role but has extended across administrative jobs as well. With such complications and labor shortage issues, providers are ending up facing

difficulties in cash flow and in managing the DME billing operation collectively.

With such a huge volume and limited resources, providers are ending up losing cash and disappointing patients.

With front and back end staff, billers, coders, and physician credentialing experts in short supply, managing the rising demand for DME and its billing complications are in fact taking a toll on many DME providers.

Even though many still believe in the in-house billing option to be the best solution. Today more than 87% of providers ended up opting for an outsourcing solution for its convenience and cost-effective result.

Sunknowledge Services Inc. offers complete support by providing customized solutions to DME providers improving productivity, lowering denial rates, and increasing ROI for more than 15+ years now.

Staying current with the shifting [DME billing](#) landscape and understanding the complications involved in filing DME claims, Sunknowledge in fact aided with better ROI at only \$7/hr than the in-house billing team for many providers so far.

A key member from the Sunknowledge team in fact stated, “Sunknowledge is here to provide comprehensive support to alleviate the administrative burden imposed on physicians and healthcare providers. Working for more than a decade now, we not only understand all your billing needs but work accordingly guarantees a faster reimbursement”.
