

THINKWARE Easter Dash Cam Savings

London, United Kingdom Apr 8, 2022 ([Issuewire.com](https://www.issuewire.com)) - To celebrate Easter this year, [THINKWARE](https://www.thinkware.com), the world-leading dash cam manufacturer, has today announced a range of Easter promotions for its latest dash cam range.

THINKWARE's award winning dash cams help make the roads safer by making drivers more aware, deterring road rage incidents, and providing vital evidence for insurance claims. Nobody can predict what will happen on the road, however, a THINKWARE dash cam will never miss a thing.

And with more of us holidaying in the UK and spending more time with families in the car this Easter, a dashcam is a fantastic way to capture those special road trip adventures. This makes THINKWARE products the ideal gift ahead of the Easter holidays.

THINKWARE's varied product range will be on sale between **7th April – and 1st May, with discounts of up to 15% off**. All products are available across the UK, from online retailers including the official online [THINKWARE UK store](#), [Amazon](#), and [RAC](#).

Tim Sagar, Business Development Manager, THINKWARE said: "This Easter we want to give consumers the opportunity to purchase a high-quality dashcam from our sort after range, that enhances driver safety. Our promotion includes THINKWARE's bestselling U1000 model, making our products the perfect accompaniment for those travelling around the UK on Easter weekend."

[U1000](#)

The flagship model U1000 dashcam from Thinkware. Capture true 4K UHD forward-facing footage and 2K QHD rear footage with the rear camera. Paired with the award-winning Super Night Vision 2.0, this dash cam will record the highest quality footage day or night.

[Q800 PRO](#)

The Q800 PRO dashcam from Thinkware captures 2K QHD footage via the latest Sony Exmor R Starvis image sensor. Providing 4x more vivid videos of your journeys, even at night via the award-winning Super Night Vision 2.0 technology.

[F800 PRO](#)

The F800 PRO Dash Cam records crisp-clean 1080p Full HD footage. This low profile smartly designed dash cam is packed with features including 'Super Night Vision 2.0' a night image correction feature in addition to built-in GPS and 'Safety Camera Alerts', Sony Exmor R Starvis image sensor that provides rich colours, and the optimal resolution.

About THINKWARE

Global IT Corporation THINKWARE was founded in Korea in 1997.

Through consistent research and development in the field of smart car technologies, THINKWARE has established itself as the market leader in various sectors such as dash cams, electronic maps, navigation, and mobile applications.

Spearheading the competition with world-class image processing technologies and dashcam intuitive, user-friendly interface, THINKWARE debuted in the US market in 2014. THINKWARE has confirmed it will be exporting its dashcam lines into 17 other countries including the US, Canada, UK, and Japan.

THINKWARE has continued to astound the industry with its world-class dashcam lines during its presence at global exhibitions like CES, SEMA, and The Gadget Show Live. For CES 2017, the world's largest consumer electronics show, THINKWARE received the Innovation Award of the Year for excellence in technology and design. The company has also received the IF Design Award and IDEA

Award, as well as the Red Dot Design Award.
