

Unconventional Fusion of Indie Hip-hop and RnB Done by Music Artist Redlite is Making Listeners Groove

New York-based Indie hip-hop artist Redlite is climbing up the ladder of supremacy. Faultless composing style from the artist brings a completely new experience.

Bronx, Apr 21, 2022 ([Issuewire.com](https://www.issuewire.com)) - Representation of hip-hop has been done by numerous artists in many ways. Well, one artist who is turning the heads is none other than **Redlite**. Sensationally bold with songwriting and deep-pitched with the vocals, the artist is capturing the hearts of hip-hop music admirers worldwide. The artist is popular for his bass-boosted music in a rhythmic

tone. The composition of every track with the punch lines incorporated in it by the artist instills a calming vibe, which can engage listeners quite easily.

Born and raised in the Bronx, the artist has been producing for the last four years. The artist's inspiration comes from R&B too. Being a master of music who can make an unreal fusion of musical genres, the artist has come up with tracks like "[Phone Sexxx](#)," "[Summer's Over](#)," "[Girls Nite](#)," and "[Tainted Love](#)". The diverse flair of the artist has led him to produce songs about every mood. Be it relationship songs, songs with a tough edge, or even songs with a soft edge, the artist understands the need and choices of his listeners.

38-year-old Joe Young, popularly known as **Redlite** has been advancing the musical space since the age of 14. With an exceptional knowledge of the music industry, the Indie hip-hop artist is accomplishing the levels of excellence. Albums in the artist's portfolio also contain works like "Far From Finished: Side B," "20/20 Vision Vol. 5", and many more. The tracks "**Phone Sexxx**," "**Summer's Over**," "**Girls Nite**," and "**Tainted Love**" can be streamed on Spotify. Follow the artist on [feature.fm](#) and [Instagram](#) for getting more information.
