

Zimrii successfully graduates from Newchip's Intensive Global Pre-Seed Accelerator Program

Sydney, New South Wales Apr 21, 2022 ([IssueWire.com](https://www.issuewire.com)) - Zimrii, an innovative music technology startup empowering music artists to develop an engaging relationship with fans, has successfully graduated from Newchip's renowned global accelerator program. The equity-free, fully digital accelerator has helped over 1,000 founders from 35 countries raise over \$300 million in funding.

Following an extensive curriculum and program stretching over 6 months, the team successfully completed NewChip's final demo day presentation.

"Music technology companies like Zimrii can scale quickly with proper funding and guidance. We are excited for Zimrii and believe they will do well following their graduation from the program" says Armando Vera Carvajal, Vice President of Product at Newchip.

"Being initially accepted into the Newchip Accelerator, we were excited to learn how to build a scalable and investable business and connect with investors throughout the globe interested in our industry. Following our successful graduation, we are now equipped with the tools and knowledge to develop a strongly motivated team and develop exciting products which will take our company to the next level" says Mo Jalloh, CEO

About Zimrii

Zimrii is an innovative music platform, built to empower musicians to promote their music through blockchain technology. By focusing on the tokenisation aspects of blockchain, Zimrii hopes to develop alternative streams of revenue and alternative engagement models for music artists.
