

Alfreda Weaver, MSN, RN, Registered Nurse

Get to know Registered Nurse, Alfreda Weaver, who serves patients in Decatur, Georgia.

New York City, New York May 23, 2022 ([IssueWire.com](https://www.issuewire.com)) - Alfreda is a registered nurse currently serving her patients in Decatur, Georgia.

To begin her career, she obtained her nursing degree from Chamberlain University College of Nursing.

Remaining up to date within her field, Alfreda maintains a professional membership with the American Nurses Association and The Sigma Theta Tau International Honor Society of Nursing.

On a more personal note, she attributes her success to her dedication to the care of the ones in need.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
