"IN A DARK HEART WE TRUST " will be released on **June 3rd, 2022** on **Xing Record Label**. The second Story Metal album "**In A Dark Heart We Trust**" from Pressure is about the ordinary relationships that we all have to live with, endure and cherish throughout all of our existence. Every

relationship can be hard to handle but it also can be almost perfect happiness! We all long for love that is unconditional, a state of being all our own. We strive to understand who we are, the face behind the masquerade we've always shown. We long to be ourselves but being wanted is a stronger drug. We pretend in order to be liked, tucked into our façade so snug. There comes a time we must awaken and shake off the dust. It's time we listened to our spirit, **IN A DARK HEART WE TRUST**. Contrary to the inscription in the American currency. A dark heart devours the spirit all the time, even unconsciously. In truth, divinity does not play a role in one's actualization. But the pureness or inherent evilness of the actual creation. So, pick your poison: Eternal damnation or a lifetime of insufficiency? Will you pray to Lucifer or be the prey? I am the first one to accept that relationship is like a bed of roses. Beauty and pain are all the same!

Who is Pressure I hear you ask? Well, if you had to tag them with a genre the one that fits best is 'melodic rock but they are so much more than that. Hailing from Stockholm, Sweden and with vocalists Olof Jönsson and Olli violet you can always guarantee soaring athletic and committed vocals. Together with a twin guitar sound coming from songwriter and lead guitarist Simon "Siirpo" Forsell and Emil Salling. Pressures work often focuses on and embrace the pressures felt from everyday existence. Their lyrics always demonstrate that there are two sides to every story - the good and the bad. Every song has a double meaning, and they truly see music as a tool to handle the different pressures thrown at us from the modern world. The band began their journey together in 2018, and since then they've worked tirelessly developing their sound and live performance, their aim is? To make memories with their fans and to an epic musical soundtrack. A quote that can summarize their lyrics is: "How can you tell a story about life if you haven't dared to live life to its fullest?"

"Pressure is all about every story, every moment, every Pressure!"
