

Award-Winning Author Mandela Matur's Latest Poetry Collection 'Stranded Lullabies' Provokes Your Thoughts

South Sudan-based author and poet Mandela Matur is helping the world see the truth about the world with his dark new poetry book, 'Stranded Lullabies'.

Bombo, May 24, 2022 ([Issuewire.com](https://www.issuewire.com)) - Books can offer you a way to a different world that is yet to be explored. A book can cater to your current mood or take you thousands of miles away from your real-life and to another ambiance instantly. Award-winning author from South Sudan, **Mandela**

Matur better known as Ade by his fans, has weaved an eccentric world through his boo, '[Stranded Lullabies](#)' showcases the deepest emotions of humans. The book is a collection of incredible poems that feature themes like fear, loss, bitterness, friendship, retribution, emotional decay, and more. The poems are not for the faint hearts; rather they showcase the reality of life. The book depicts the fear of living and the fear of death in everyone that they are afraid to explore.

The multi-talented writer and poet was always been interested in various forms of art. He is entirely driven by his emotions when he is writing. After experiencing an episode of depression, he started writing his first book, 'Voices In my Head' in 2014 after. The book was published as a free e-book. Among his four published poetry collections, this one has become the most successful in South Sudan. His works are not just for entertainment but they carry a deep message within them spreading awareness about mental health issues. He also uses his creation as a form of activism in his own native country.

The pioneer of spoken word poetry in south Sudan, **Mandela Matur** is making the world swept away by his rich and thought-provoking poetry collection, '**Stranded Lullabies**'. The book was first published on August 17th, 2019, and its second edition was released on April 20th, 2022. In the poems, the articulate poet talks about what real fear is. Ghosts and goblins will seem far less scary than the real horror surrounding today's society depicted in the book. It explains that real fear can come disguised as your favorite politician or even your father and everyone should be prepared for it. The book will open a lot of eyes all over the world.
