

Beverly Hills Diet Cola hit with Supermodels! – "You can't be too rich or too thin!"

BEVERLY HILLS COLA COMPANY announces the launch of its new website:
<https://beverlyhillscola.webnode.page/>

Beverly Hills, California Jun 2, 2022 ([IssueWire.com](https://www.issuewire.com)) - Richard H. Davis, President, and CEO of Beverage Marketing USA and Nautilus Mineral Waters of America states that his company intends to produce and market "BEVERLY HILLS DIET COLA" with CitriMax in Japan, this new ideal diet cola with the tagline; "You can't be too rich or too thin!" is defined as cola made of fine quality diet ingredients such as CitriMax and natural kola nuts. This first Slender, sweetened cola was put on sale by Beverage Marketing USA, Inc., in the United States in 1995, which showed beverage makers a new way to compete with Coke and PEPSI other than prices.

Miss Scandinavia 1999 is the official spokesperson for its all-natural CitriMax products. CitriMax is extracted from the South Asian fruit *Garcinia cambogia* and has been shown to reduce appetite and inhibit fat production. Miss Scandinavia approached InterHealth as a satisfied customer who used CitriMax to help her lose 14 pounds over the course of six weeks in preparation for the Miss Scandinavia pageant. She says, "The weight I lost with CitriMax was a determining factor in my win."

Telling her story, Miss Scandinavia says, "I read about CitriMax in a magazine and decided to try it because it seemed more healthy and reliable than other products. It controlled my appetite, especially my sweet tooth. I ate what I wanted with a clear conscience as I noticed my metabolism begin to change and my calorie consumption decreased naturally. I also felt a marked increase in my energy level, which made it more enjoyable to exercise."

"Since I lost the weight, I continue to use CitriMax to maintain my ideal weight without continual dieting. After recommending the product to several of my friends who were equally happy with their results, I decided to contact InterHealth so I could share my story with others who are searching for help in the weight control battle."

Miss Scandinavia is Jonna Kauppila Ziprus, 22, of Kokkola, Finland. She began competing in beauty pageants in 1993 and was named Miss Finland in 1998. This victory qualified her to compete for and win the Miss Scandinavia title which she held throughout the remainder of 1999. CitriMax, introduced by InterHealth in 1994, is the world's number one selling hydroxycitric acid (HCA) diet ingredient. In one human study, people who used HCA (440 mg three times per day 30 minutes before meals for eight weeks) experienced 68 percent more weight loss, greater fat loss, and reduced appetite when compared to people taking a placebo. Another study showed that people taking HCA (500 mg three times per day before meals for eight weeks) lost 215 percent more weight than those taking a placebo without the side effects associated with diet stimulants.

Except for the infrequent import, "BEVERLY HILLS DIET COLA" is the first CitriMax based cola available in Japan that is sweetened with Slender lo-han fruit extract, a natural high-intensity no-calorie fruit sweetener, the glycoside is approximately 300 times sweeter than sucrose and is the sweet secret behind "BEVERLY HILLS DIET COLA".
