

Brian Simmons, MD, a Dermatologist with Dartmouth Hitchcock Clinics Heater Road

Get to know Dermatologist Dr. Brian Simmons, who serves patients in Lebanon, New Hampshire.

New York City, New York May 19, 2022 ([IssueWire.com](https://www.issuewire.com)) - An exceptional dermatologist, Dr. Simmons practices at Dartmouth Hitchcock Clinics Heater Road in Lebanon, New Hampshire. His areas of focus include skin cancer diagnosis, treatment, and prevention; immunobullous diseases i.e. pemphigus Vulgaris and bullous pemphigoid; psoriasis and atopic dermatitis; and complex medical dermatology.

“I work with my patients to determine the best option for their condition. I incorporate their medical needs, health, lifestyle, and goals into a realistic treatment plan. I value my patient’s time and strive to be prompt and provide my undivided attention while I’m with them. The most rewarding part of my job is helping patients with their skin conditions from start to finish. I enjoy working in a collegial environment with experts who provide patients with high-quality care” expressed the doctor.

Alongside his clinical role, Dr. Simmons serves as an Assistant Professor of Dermatology at the Geisel School of Medicine at Dartmouth, and as Director of Social Media and Website.

“I became a doctor because I wanted to take my interest in science and apply it to medicine. I choose my specialty because it offers me a dynamic balance between medical, surgical, and cosmetic dermatology” he said.

In regards to his educational background, Dr. Simmons earned his medical degree from the University of Miami Miller School of Medicine in 2016. He then went on to perform an internship in internal medicine at Orange Park Medical Center in 2017, and a residency in dermatology at Mary Hitchcock Memorial Hospital in 2020.

That same year, he attained board certification in dermatology through the American Board of Dermatology (ABD). The ABD is one of 24 medical specialty boards that make up the American Board of Medical Specialties (ABMS).

“During my research fellowship at the University of Miami, I successfully published over 50 papers and wrote multiple book chapters in the field of dermatology in high impact journals such as Journal of Investigative Dermatology, JAMA Dermatology, and Journal of the European Academy of Dermatology. This has continued through my residency training as I pursue areas of interest including utilizing technology to bridge the gap in access to medical care, continued research interest, and involvement in clinical trials” as stated by Dr. Simmons.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.
