World Wide Internet Insurance Services, CEO

With a wealth of experience, we bring a new perspective to insurance broking. We harness technology, which we design and build, to provide detailed insights into the risks that we handle for our underwriters. At the same time, we bring new thinking to the term "Customer Loyalty" where we combine exceptional customer service with tangible rewards for our clients. Our people are our assets and our assets are brilliant, they bring dedication and enthusiasm into the office daily! www.wwiis.com
