

Dangbei Mars Pro Review: Best Smart Projector

New York City, New York May 9, 2022 ([Issuewire.com](https://www.issuewire.com)) - Dangbei, a famous Chinese brand on the same level as XGIMI, released a new high-end projector-Dangbei Mars Pro 4K Laser Projector. As the global production of Dangbei, Dangbei Mars Pro is equipped with the highest configuration.

The best smart projectors take an image from a video source and beam it onto a larger screen or wall, with easy pairing from any device. And many people choose projector rather than TV as the best projectors are capable of stretching your screen to a much, much larger surface ----usually over 100

inches.

[Dangbei](#), a formidable competitor of XGIMI in terms of projectors, has introduced a new 4K laser projector [Dangbei Mars Pro](#) for the US market.

Dangbei Mars Pro adopts fascinating black as the main color with aircraft frame and 2.5D glass top cover. It not only has a high-value appearance design but also has built-in speakers, which can bring you the best visual and auditory experience. And it is certified by TÜV Rheinland as low blue light, which effectively reduces the harmful effects of short-wave blue light. Even if you watch it for a long time, you will not feel eye fatigue.

With 3200 ANSI lumen, the resolution here is absolutely stunning and gives more detail than full HD. Whether in the dark or in a well-lit environment, Dangbei Mars Pro will provide peak picture quality.

The smart projector adopts DLP display technology and uses an ALPD laser as the light source with a long lamp life of over 20,000 hours. So it has outstanding stability and durability,

In conclusion, [Dangbei Mars Pro](#) has many diverse and innovative features and has a vast memory space. The price of this futuristic projector is \$1,599, which is a decent price as compared to its' competitors.
