

DWP Global signs a large IoT project with a UK Giant | www.dwpglobalcorp.com

DWP Global, a US based global IT services and technology solutions company with offshore delivery based at Hyderabad, India signs a major project running into multi million dollars with a UK giant.

North Brunswick, New Jersey May 13, 2022 (Issuewire.com) - DWP Global, a US-based global IT services and technology solutions company with an [offshore development](#) center based in Hyderabad, India signs a major project running into multi-million dollars with a UK giant, known to be a world leader in the management of critical infrastructure and Utilities. DWP Global will be handling the [End-to-End Development](#) activities which are likely to extend to 3 - 4 years.

As part of this engagement, DWP Global establishes a large development team in Hyderabad to implement this multi-year digital transformation program. With in-house specialists for implementing high-end IoT projects, DWP Global is building modern Web and Mobile Applications that interact with the End Users. These Web, Android & iOS Apps focus on leveraging the IoT data and giving overall analytics to the End Users.

A few key highlights of this engagement include:

- Setting up a Global IoT application delivery team in Hyderabad, India

- Multi-million USD projects with UK Giant in IoT space
- Extendable engagement with End-To-End Solution delivery
- Web and Mobile based interfaces for end-users.
