

Earthdance Celebrates 25 Years with Music Compilation - Artist of the Week - MiMOSA

San Francisco, California May 4, 2022 ([Issuewire.com](https://www.issuewire.com)) - To celebrate our 25th year of producing transformative, conscious festivals worldwide, [Earthdance Global](#) is celebrating its anniversary with a music compilation by [Muti Music](#).

This week's featured artist is "MiMOSA." MiMOSA has been a pioneer, a producer who breaks molds, sometimes polarizing and yet always stepping up to the mark to make an impression and a significant impact on electronic music. He has already had standout tunes reach 10 million individual streams and is able to produce for the listener as much as for the dance floor.

One of the most dynamic producers to emerge through the Bay Area bass music scene in the 2000s, MiMOSA forged a sound that was known as Purple, then Future Trill, and while experimenting with Hip Hop, Trap, and Dubstep and then taking it further with Halftime DnB and LoFi.

The Earthdance Anniversary compilation is infused with the spirit of the Earthdance legacy! The music includes an exciting and diverse mix of electronic dance music, funk, hip hop, Dub, DJs. and much more. For 25 years, Earthdance has been producing events around the world and has also put out a variety of music compilations with top new artists such as Moby, Groove Armada, Fat Boy Slim, The Orbital, and more.
