

Eta Canada Allows The Citizens Of Visa-Exempt Countries To Travel To Canada

Vancouver, British Columbia May 20, 2022 ([IssueWire.com](https://www.issuewire.com)) - As per the agreement signed between the governments of two countries, the USA and Canada, to secure the borders of the countries, a visa waiver program for the visa-exempt countries started from August 2015 onwards. The citizens of those visa-exempt countries can freely enter and travel in Canada by simply Electronic Travel Authorization or eTA. It works for the citizens of all visa-exempt countries. They can apply for the eTA, simply even staying at home. They don't need to visit the embassy anymore. From the application to eTA, everything is done online.

The process for eTA is faster than the traditional way. An eTA is valid for three purposes, business, tourism, and transit purposes. The Canada eTA is valid for 6 months. However, it is different from the number of days a citizen is allowed to stay in the country. You are eligible to enter Canada any time between the validity periods. But, you cannot exceed your stay of more than 6 months.

CANADA VISA ONLINE APPLICATION is faster and simpler. It is the quickest process. You need to fill out the application with your personal details only. After filling out the details, you need to pay for the application. Your application is submitted as soon as you pay for it. In payment mode, you are given three options: Credit card, debit card, and Pay Pal. To apply for the eTA, click on the link below-<https://www.canada-visa-online.org/tourist-visa/>

Most of the application is verified and decided within 24 hours. In some cases, it can take 72 hours. It is advised for all the candidates to apply for the visa at least 72 hours before the boarding date. The decision made by the concerned authority is directly sent to your email ID. After the result is decided, you can save the record on your devices. You don't need to get a stamp on your passport as the immigration staff can check the details from the computer.
