

Eta Canada Is A Required Document To Visit Canada For Business, Tourism, And Transit Purposes

Vancouver, British Columbia May 17, 2022 ([Issuewire.com](https://www.issuewire.com)) - As an agreement signed between the two countries, Canada and the USA, to secure both the borders, Canada started a visa Waiver program for the people of visa-exempt countries. The Citizens of these countries can travel to Canada by applying for an eTA (Electronic Travel Authorization Document), commonly known as Canada Visa Online. This is the most important document you need to enter and travel in the country.

To obtain the visa, you now do not need to visit the embassy for the procedure. Instead, you can visit the website <https://www.canada-visa-online.org/visa/> and fill out the required personal details. The procedure will not take more than 5 minutes. After filling out the details, you have to pay for it. In payments, you have three options, debit card, credit card, and PayPal. Your application is submitted as soon as your payment is made. Once the application is submitted, the Visa authority checks your documents and verifies your application. You get the result within 24 hours of form submission. It is advised for all the applicants to apply for the visa, at least 72 hours before the boarding airplane. Once the result is decided, you get the email from the authority. You can keep the record and show it upon boarding the plane. No physical stamp on the passport is needed after you get the mail of approval.

Canada Visa Online advises people to recheck all the details to avoid any unprecedented termination of the Visa. The visa application must match your name, date of birth, passport number, issue date, and expiry date with the original documents.

The validity of eTA is different from the number of days you are allowed to stay in the country. While the duration of eTA is valid for five years, you can stay only up to six months. You are eligible to enter the country anytime during the validity period. You must ensure that the passport remains valid as long as you stay in Canada.
