

Finprov Launches its new accounting software course SAP FICO for job aspirants.

Kochi, Kerala May 20, 2022 ([Issuewire.com](https://www.issuewire.com)) - Finprov Launches its new accounting software course SAP FICO for job aspirants.

Finprov Learning, India's emerging accounts training institute, has successfully launched its new accounting software course [SAP FICO](#). The course is in hybrid mode, i.e., it is available both online and offline and is of great help for all accounts professionals and job aspirants.

“Creating smart finance professionals worldwide and providing a career-oriented finance education is the vision of our entire team”, says CA Anand Kumar, CEO of [Finprov Learning](#).

SAP FICO is the world's biggest software application provider and plays a significant role in handling the financial data of an organisation. It is mainly used in the implementation and functioning of ERP solutions. SAP or Systems Applications and Products in Data Processing comprises two parts. SAP FI and SAP CO, and together they become SAP FICO.

SAP FICO course is an [accounts certification course](#) that validates your skills in this software. The general topics covered under this course are:

- General Ledger
- Bank Ledger
- Accounts Payable
- Accounts Receivable
- Travel Management
- Fund Management
- Cost Elements
- Product Costs
- Profit Analysis

Finprov's SAP FICO course provides an adequate balance between the theory and practical knowledge in SAP FICO software. They are designed keeping in mind the industry's latest trends and regulations.

After enrolling in this course, students get in-depth knowledge about all features of SAP FICO software and become an expert in using it. They also get hands-on experience with real case studies. Here you will learn about SAP FICO's end to end configuration in an organisation and will perform day to day transactional activities. You will also analyse the financial status of an organisation and work with multiple SAP sessions simultaneously. Managing financial data of different companies, languages, and currencies will be a piece of cake for you after this course.

About

Finprov Learning is an accounts training institute that mainly focuses on providing world-class finance education for students or professionals who aspire to build a finance career. Their main goal is to make their students job-ready and build confidence in them to face all the challenges they may face throughout their careers. Along with theory and practical knowledge, they also provide hands-on experience to their students.

Finprov learning was founded by a group of chartered accountants after realising the need for finance and accounts education in today's world. Its mission is to provide high-quality finance education to its students and help them achieve their career goals.

Finprov has centres all over Kerala and is slowly expanding to other states. They have centres in Pandalam, Trivandrum, Manjeri, Kasargod and Geo infopark and [Vytila in Kochi](#). They have started its new centre in [Bangalore](#) with all its facilities making it a favourite destination for accounts aspirants all

over the country.
