

First time in History, 250 Cricket Players from YSCL League accepted Match Fees by EMOCOIN (Crypto)

EMOCOIN (EMO) a cryptocurrency, is a leading sponsor for YSCL that is promoting dynamic players to participate for the nation. It is appreciable that EMOPAY is promoting the talent through the platform of YSCL.

The banner features the Emocoin logo (a yellow circle with a stylized 'E' and the text 'Emocoin Future of Digital Currency') in the top left. In the top right is the YSCL logo (a star with a cricket ball and the text 'YSCL YOUNG STAR CRICKET LEAGUE'). The central text reads 'MATCH FEES IN CRYPTO CURRENCY' in large, bold, white and yellow letters, with the subtitle 'First time in the history all players adopted Emocoin' below it. A group of cricket players in blue and white uniforms is shown in the background. In the foreground, there is a large gold Emocoin coin with a cricket bat and a blue helmet. To the left of the coin is a circular portrait of Mr. Sachiin Sharma, Marketing Head of EMO DAO, South-East Asia. At the bottom left are social media icons and the websites 'www.emo.network' and 'www.emopay.org'. At the bottom right, under the heading 'Our Partners', are logos for CREX24, TRONLINK, and WVG 2022.

Tallinn, Harju May 8, 2022 ([Issuewire.com](https://www.issuewire.com)) - The YSCL matches were held from 11th April 2022 to 22nd April 2022 in Delhi. It was broadcast Live on the [YSCL YouTube channel](#)

The YSCL League had more than 1lakh Virtual Live audiences on YouTube. Not only this, [EMO](#) sponsors the 10 Cricket teams in Jersey.

It's big Thumbs up.... 1st the time in history all players adopted [EMOCoin](#) (Cryptocurrency) & Accepted match fees by all 250 players in **EMOCoin**. Not only that, they are very curious to know more about the project & crypto education

Having said that, **EMOCoin** is the future of [Digital Currency](#). It is a new set of blockchain for all sets of digital assets, which provides an opportunity to access a countless number of day-to-day products including Crypto Wallet, Currency Swap, Staking, Loan, Payment Gateways, Retail, Entertainment, Healthcare, and many more. The potential is immense. It will enable people to participate in all digital transactions with global acceptance and the best security features. Talking of EMOCoin, one needs to connect to the internet (using mobile Internet) on the mobile phone as well and a person can reach finance, pay loans, and earn money.

Sachiin Sharma, a veteran Entrepreneur with Post Graduate Diploma in Finance Management (PGDFM), has intensive experience in the field of Blockchain and Cryptocurrencies. With over 20 years of rich and vast experience in the field of Hospitality, Service Industry, Vendor Management, Brand Building, Marketing, Public Relations, Customer Service, Strategic Planning and etc. he has not only been guiding but also mentoring many organizations in achieving their missions. Currently, associated with **EMO** DAO as a Marketing and Research Analyst, his main role is to make strategies to increase the adaption and community of **EMOCoin** globally and has inspired many people and has transformed the lives of millions.

EMO, has rapidly achieved success in different domains which is fast-pacing to becoming a stable coin. At present, the circulation on the chain has reached Millions, according to relevant data analysis of lock-up and transfer activities on the chain, compared with other mainstream public chains. **Emocoin** like other virtual currencies, is true democratization of Digital Currency that will be accessible to everyone. It will improvise the trust level between the individuals to participate in a Decentralized Economy. All the transactions made will be anonymous, and secure, and improve data reconciliation.

Purpose of Emocoin

It is the right of every individual to participate in decentralized economies. It is possible only when services and products provided make use of currencies in the best possible ways. The freedom to use the currencies can best be suited via Emocoin. It will empower our community to participate in the decentralized economies and will strengthen our relationship with our community. All transactions carried out in the near future in all our portfolios will be through Emocoin, directly or indirectly. We will be working for continuous innovation and development to strengthen this link and it will help us to connect with our users and growth of the ecosystem.

Emocoin has rapidly achieved success in different domains which is fast pacing toward becoming a stable coin. At present, the circulation on the chain has reached Millions, according to relevant data analysis of lock-up and transfer activities on the chain, compared with other mainstream public chains.
