

GEMREGISTRATION.INFO Release new service for free GeM Registration (Government e Marketplace)

सत्यमेव जयते

GeM
Government
e Marketplace

Efficient • Transparent • Inclusive

Ahmedabad, Gujarat May 21, 2022 (Issuewire.com) - "Many Indian companies providing paid services for [GeM portal registration](#) but as government strictly mention on [gem gov in](#) not to pay any money for GeM registration because it's free for everyone to register as a seller on [GeM portal](#) "

The [GeM registration](#) process has changed a lot in recent times. Such a change that indeed the deepest and most educated individualities need a hot course to accelerate. Simply put, registering a GeM has come so simple and easy that anyone can take many simple ways and register in the GeM or Government E request.

Here is the document list for [GeM seller registration](#)

- ❑ PAN as the evidence of individualities identity and address authentication
- ❑ Company Registration, LLP- associated documents, or MSME (Udyog Aadhar)
- ❑ GST certificate
- ❑ A canceled cheque

- ❑ Separate address evidence and identity evidence
- ❑ Bank account details and documents indicating the same
- ❑ Trademark document/certificate
- ❑ Documents indicating the services and products that are offered by the association in question
- ❑ Address evidence of the head of the company
- ❑ The mobile number that's registered with your Aadhar Card
- ❑ MSME certificate
- ❑ NSIC documentation
- ❑ ITR (Income Tax Returns)
- ❑ DoE order compliance

The above documents are mandatory for the [GeM Registration process](#)

Forged and fake documents will affect the rejection of the aspirant from the process, and this is, of course, a commodity that doesn't want to be.

Now without further a due, here is a step by step companion to the GeM registration process

Step 1 Go to the gem.gov.in website to Register as GeM resellers. Of course, the first step you need to take after carrying out all the necessary attestation, as mentioned before in the procedure, is to visit the GeM gov website. To start the process on the website, you must click on the reseller tab and also log in. Once you've done it, it will show you the terms and conditions please review them before you click accept. The coming step in applying for the tender on the GeM portal is to fill in the form.

Step 2 Fill up the form with the correct information asked

Once you click on the conditions, you'll be diverted to the GeM enrollment form, which you'll need to fill in the applicable information. Then are some details demanded to fill out the form.

- Name of the association that's applying for the [GeM portal login](#)

- Next, you would have to decide the type of enrollment and need to fill out some introductory information similar as name, PAN number, Date of Birth, Registered and correspondence address, and other affiliated effects.
- The mobile number is coming. It would be good if you choose a number that's registered with your Aadhar number, as it would make the whole process significantly easier and straightforward. You would have to corroborate the number by entering the OTP that you'll admit at the same number. Once you have done it, it'll authenticate the number and link it with your account. this same information will be required for the [GeM portal login](#) as well.
- The coming step is you will receive a verification email on the email address that you want to link to your GeM account and, more specifically, for your GeM login. You would need to authenticate it in the same system as your phone number. After also, choose the asked username and word, and also simply click on the produce account option, and voila, your GeM account enrollment is complete.

Step 3 double-check the information

Once you have done all the above processes now you have to log in to the GeM portal and now you can get access to Gem biding GeM tender, GeM direct purchase, and indeed the GeM L1 process (which are limited to government officers) features. this will only be done if you have verified all the information demanded by the competition in the enrollment process. And while some of these features may vary depending on the type of account and the person/ association creating the GeM login, the attestation remains the same.

Just go to the below-allowed list and find out what you need. Once you have everything, you can list products and services on the dashboard.

Feel free to reach us for any help for free gem registration or you can visit our website [www.gemregistration.info](#) for more information on GeM
