

Kelly Byrge, MD, an Infectious Disease Specialist with Vanderbilt Infectious Disease Clinic Franklin

Get to know Infectious Disease Specialist Dr. Kelly Byrge, who serves patients in Franklin, Tennessee.

New York City, New York May 10, 2022 ([IssueWire.com](https://www.issuewire.com)) - A Tennessee-based infectious disease specialist, Dr. Byrge tends to patients at Vanderbilt Infectious Disease Clinic Franklin, and serves as an Assistant Professor of Medicine in the Department of Medicine, Division of Infectious Diseases at Vanderbilt University Medical Center.

Before embarking on her professional journey, she received her medical degree from Georgetown University in 2014, and then went on to complete her internship, residency in internal medicine, and fellowship in infectious disease at Vanderbilt University Medical Center.

An expert in her field, the doctor is board-certified in infectious disease and internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Infectious disease is a medical specialty dealing with the prevention, diagnosis, and treatment of all infections. An infectious disease specialist's practice also consists of managing nosocomial (hospital-acquired) infections.
