

KIR HYIP Announces Great Launch of Binance Clone Script for All Start-ups & Entrepreneurs

The image is a promotional graphic for 'Binance Clone Script'. It features a blue background with a pattern of faint, light blue letters and symbols (B, L, D, X, O, etc.). On the right side, there are three golden coins with a complex geometric logo. On the left, the text 'Binance Clone Script' is written in a large, white, sans-serif font. Below this, a smaller line of text reads: 'Binance Clone Script — the ultimate way to create your own DEX application for crypto trading platform development.' Below this text is a list of five features, each preceded by a white checkmark: '100 % Customizable Peer to Peer Crypto Exchange', 'Multiple Crypto Currency Support', 'Real-Time Currency Rate Via API', 'Super Easy and Secure Trading Process', and 'Supported in Multi-Devices'. At the bottom left, there is a yellow rectangular button with the text 'Get a free software demo' in black.

Edgbaston, Birmingham May 16, 2022 ([Issuewire.com](https://www.issuewire.com)) - KIR HYIP is proficient in blockchain software development companies worldwide. They understand clients' requirements and customer feedback for launching the Binance clone app development, as affirmed by the chief official of the KIR HYIP solution.

Binance is one of the largest trading platforms with the highest user traffic worldwide, so obviously, the [Binance clone script](#) has attracted the attention of crypto startups and entrepreneurs. KIR HYIP provides a script that is completely customizable and passed multi-layer of testing and various development phases to launch a hassle-free crypto exchange platform.

KIR HYIP's script is exact replica of Binance DEX. Everything is reproduced, from the admin to the user section, and all new features are incorporated during the development process. Full-featured features like Liquidity Swap, Margin Trading, Automated Trading Bot, Matching Engine, P2P Trading, Wallet Integration, and high-security features let startups and entrepreneurs profitable right from the beginning stage itself.

The Premium Binance Clone script allows entrepreneurs to launch a robust cryptocurrency trading platform that is compatible with all types of device resolutions. Advanced APIs & Trading Plugins of Script are increasing the demand in the crypto market. Since it is a replica of Binance, the solution is encrypted with high-tech security measures and provides your users with a hack-free environment.
