Privilege of serving some of the most well-known companies in the Pharma World

	Naxpar Pharma Pvt. Ltd.
	SciTech Specialities Pvt. Ltd.
	Eskayef Pharmaceuticals Ltd.
	Rxhomeo Private Limited
	Vovantis Laboratories Pvt. Ltd.

Indore, Madhya Pradesh May 9, 2022 ([Issuewire.com](https://www.issuewire.com)) - BatchMaster, well known for providing **process manufacturing ERP systems**, has been selected by one of India's leading exporters and manufacturers of pharmaceutical products to develop quality and compliant drugs. By implementing a complete software solution 'BatchMaster ERP', the company will help manufacturers gain visibility, streamline operations, analyse processes, and identify strong opportunities for continued business growth.

Founded in 1981 and based in New Delhi, the manufacturer sought **BatchMaster ERP** as a standalone and end-to-end software solution that could support their growing manufacturing, distribution, and compliance needs. Rather than utilizing different systems that operate in silos, the manufacturer needed a unified platform that offers visibility, tracking, and control to manage all aspects of their supply chain.

Fulfilling the manufacturer's need, BatchMaster ERP proved to be a pharmaceutical specialized solution designed with the long term goal to facilitate ease of formulation, inventory management, purchase, sales, planning, research and development, and take-up compliance like **FDA 21 CFR part 11, cGMP norms**, etc. to new heights.

Moreover, it is worth mentioning that the manufacturer was impressed with BatchMaster ERP's capability to integrate with their already existing **finance software Tally.ERP9**. With this, they will

relish the advantage of seamless integration between the AP, AR, and GLs of BatchMaster ERP and Tally.ERP 9, and ensure that every transaction is registered and every entry is punched.

“We are delighted to support such a trustworthy and leading exporter and manufacturer of pharmaceutical products in their journey of transforming people's health. We have offered them our [pharma ERP](#) that is designed with the in-depth knowledge of the industry and the experience of serving pharma manufacturers for more than 35 years”, said Mr. Sanjay Panjwani, Managing Director of BatchMaster.
