## State GOP explains decision to remove candidate from August ballot

By JEFF FARRELL Staff Writer May 12, 2022 Updated 2 hrs ago

SEVIERVILLE — One candidate has been removed from the August Republican primary ballot due to the party's requirement to vote in three of the last four primary elections, despite the fact she's only had the chance to vote in two.

Mariah Bailey was set to be on a Republican ballot for the second time this year, but has lost a challenge to her bid to be on the August ballot to run for the state House of Representatives against incumbent Dale Carr.

Bailey ran for a seat on the Sevier County Board of Education, losing to incumbent Kevin Townsend. She had also returned a petition to be on the August primary ballot.
