

Nicolette Harridge, RN, a Registered Nurse with Henderson Hospital

Get to know Registered Nurse, Nicolette Harridge, who serves patients in Henderson, Nevada.

New York City, New York May 4, 2022 ([IssueWire.com](https://www.issuewire.com)) - Nicolette is a registered nurse currently serving her patients at Henderson Hospital.

Henderson Hospital is a Joint Commission-accredited, 297-bed facility offering area residents comprehensive medical and surgical services, including specialties in emergency care, childbirth services, and cardiac care. It is the sixth acute-care hospital in The Valley Health System®, which provides patient care throughout Las Vegas and Southern Nevada.

Educated in the United States, Nicolette graduated with her Bachelor of Science in Nursing degree from the Nevada State College of Nursing in 2010.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
