

OC Wellness Solutions Releases a Menopause Tincture

Helps to relieve Menopause Symptoms

Los Angeles, California Jun 2, 2022 ([Issuewire.com](https://www.issuewire.com)) - OC Wellness Solutions announces the release of their new Menopause Tincture. The custom blend of Chinese Herbs has been proven to lower two of the hormones associated with Menopause symptoms.

These two hormones are Follicle Stimulating Hormone (FSH) and Luteinizing hormone (LH). These two hormones are usually found in high levels in women who are experiencing menopause. By effectively

lowering these two hormones, many of the unpleasant symptoms diminish.

By taking this tincture each evening before bed, a decrease in hot sweats and improved sleep can occur.

OC Wellness Solutions develops and manufactures an array of health and beauty products. They are dedicated to sourcing high-quality, organic ingredients and for delivering their products at an affordable price.
