

Rockit: Hong Kong's must have fitness & wellness app.

You can finally book tennis, squash, wakesurfing, and much more instantly on Rockit app.

Hong Kong, Hong Kong S.A.R. May 23, 2022 ([Issuewire.com](https://www.issuewire.com)) - With over 100 instructors around Hong Kong, Rockit is a one-stop-shop for fitness, sports, and wellness activities. Customers are bound to find something to suit their interests, experience level, location, time, and budget.

Prices and availabilities are determined by the instructor, and more importantly, are transparent to players at all times. Say goodbye to the back-and-forth messaging just to find a time in common. And if customers still have questions after reviewing the instructors' profile, they can message them in-app before making the booking.

Another great feature about Rockit is the group booking discounts. So if budget is an issue or friends don't want to join you for a wake surfing session, you can create a group by tapping on "Book Public". This will notify other users that they can join the session to get a discount. Instead of paying HK\$1,600

in Repulse Bay, you can split it with 4 others for HK\$400 per person!

Finally, for those with kids, Rockit has a kids section just for you. Highly experienced Instructors and even professional athletes that usually teach at international schools and clubs are available to teach your little ones - no contracts, no high fees, no catch. So whatever your kids' passion, basketball, ballet, tennis, rugby, or something else, you will find it on Rockit.

Rockit app is currently available to iOS (mobile and tablet) customers with the Android version coming this summer.
