

The collaboration between ViuBank and ELG Bank will allow ViuBank to upgrade its services

The ELG Bank, which is also based in Vanuatu, has the legal approval from the Government of Vanuatu to operate as a fully functional private and investment bank.

Dubai, United Arab Emirates May 12, 2022 ([IssueWire.com](https://www.issuewire.com)) - Viubank is a new financial service that provides users with an option to earn guaranteed returns on fixed deposits deposited into a digital bank account that is safe and convenient to use. ViuBank, in contrast to other financial institutions, awards interest on fixed deposits according to their terms. ViuBank's online banking platform is denominated in US dollars. Customers can purchase crypto coins such as Ether or Bitcoin, which they can then use to fund their Viubank accounts.

The ELG Bank, which is also based in Vanuatu, has the legal approval from the Government of Vanuatu to operate as a fully functional private and investment bank. The Vanuatu Government granted a banking license to the ELG Bank in 2017. It has been performing bank operations since then.
