

Together To Help people from Ukraine

Las Vegas, Nevada May 24, 2022 ([Issuewire.com](https://www.issuewire.com)) - “Together To Help” Mobilizes Las Vegas Donations for Ukrainians Affected by War

Together To Help announced today that there is a great need to help the Ukrainian refugees and the civilians who cannot afford to leave Ukraine.

Together to Help provides clothing, food, health, and education for impoverished children

in Las Vegas and Romania, reducing poverty and improving living conditions and education for the most underprivileged children.

“We are concerned about Ukrainians who couldn’t leave Ukraine,” says Iuliana Popescu-Hatch, CEO of Together To Help. “While many are focused on helping refugees, we are focused on the most in need Ukrainians, the poor civilians who couldn’t afford a passport or money to travel outside of the country.”

The northern part of Romania receives many refugees who do not have the financial ability to travel to Western Europe and who urgently need help. TTH focuses on the most troubled, destitute, hungry, and horrified Ukrainians who failed to leave the country. Due to the war, the shopping stores in Ukraine have empty shelves and gasoline is nowhere to be found. A Romanian priest, Fr D has decided to take a risk and cross the border into Ukraine to bring food, hygiene products, and medical products. This was made possible by the collaboration with the mayor of Chernivtsi in Ukraine and the Banceni monastery where more than 400 orphan and disabled children live. The convoy of trucks full of aid for those in Ukraine seems to be a temporary help. According to Father D, “What do they need? Everything is needed!” That’s why Fr. D will go every week with humanitarian help. Total expenses estimated for three months are \$75,000. Any small donation will go directly to the Ukrainians left on the territory of Ukraine, more precisely to Chernivtsi and to the orphans from the Banceni monastery in Ukraine. For donations visit our website: <https://togethertohelp.org/help-for-ukraine/> Together To Help Nonprofit Organization from Las Vegas, Nevada joins this cause to directly support Ukrainians who have been unable to escape the danger of war.

There is no better deed than to help those who suffer from war!
