

Zhejiang Export Online Fair 2022 (Central and Eastern European - special session of daily consumer goods)

Warsaw, Poland May 10, 2022 ([IssueWire.com](http://www.IssueWire.com)) - Zhejiang Export Online Fair 2022 (Central and Eastern European - special session of daily consumer goods), hosted by the Department of Commerce of Zhejiang Province will be held from May 9th - 23rd 2022. and will be undertaken by Zhejiang Zhongzhe International Exhibition & Commerce Co., Ltd.

Nearly 100 enterprises from Zhejiang and Central and Eastern European countries purchasers will be a part of this unique online exhibition through a video conference.

Even the Covid-19 cannot stop the purchasers step, In an attempt to minimize the impact of lack of suppliers, and to provide a solution for enterprises, when they are unable to take part in an on-ground exhibition and merchants are facing hassles in communication, the department of commerce of Zhejiang province is offering this unique online platform wherein an exhibition on building materials in Central Eastern European countries will take place.

The online fair gives a legal, effective, reliable, and affordable way to trade, giving full play to the number of Zhejiang economic advantages. Use of big data, mobile internet, and social community-integrated digital solutions, such as precision docking. Zhejiang Daily consumer goods are required by Central East European countries, keeping clear of the international supply chain.

The Fair will be held from May 9th – 23rd 2022, with more than 65 purchasers of daily consumer goods industry associations, enterprises, and related institutions taking part and 40 high-quality Zhejiang manufacturers realizing online accurate docking and accurate matching through internet cloud video conferencing technology.

During the online fair, digital services such as cloud exhibitions, cloud promotion, and cloud negotiation for the exhibitors will also be provided in Zhejiang province. All aspects and multiple dimensions will be displayed in the exhibits so that the overseas buyers can have a more intuitive understanding of the exhibits and relevant information and promote the online transaction between the supply and demand sides.
