

ZOD SECURITY Wins The Corporate LiveWire Innovation & Excellence Awards 2022

Zod Security wins the Award "Security Equipment Specialists of the Year" by The Corporate LiveWire Innovation & Excellence for the year 2022

Beirut, Lebanon May 24, 2022 ([Issuewire.com](https://www.issuewire.com)) - Zod Security was awarded The Corporate LiveWire Innovation & Excellence Awards 2022 for the category **Security Equipment Specialists of the Year**.

[Zod Security](#) had been nominated for the **Security Equipment Specialists of the Year** award earlier this year and had later been shortlisted.

Voting ran for 12 months, 22,486 votes were cast, with voters from 32 countries. Finally, Zod Security emerged as the winner.

'We are honored to receive this award as a testimony to the quality of our offerings. Our team has been outstanding in the past year, and they deserve this award' said Captain Sami Zod, Managing Director of Zod Security. 'It is a pleasure being recognized by such a renowned and internationally acclaimed publication', he added.

The Corporate LiveWire Innovation & Excellence Awards celebrate the success and achievements of

leading professionals and companies who have stood out for being results-driven, service-focused, and most importantly, taking an innovative approach to demonstrate exceptional business performance.

With such a broad range of businesses being recognized, Corporate LiveWire looks at each case individually and assesses how the team has harnessed more effective processes, products, or ideas in order to transform their industry for the better, increase profits, and/or offer a more successful service.

During the awards process, The Corporate LiveWire Innovation & Excellence Awards invited over 90,000 businesses and corporate professionals, magazine contributors, and its 70,000 subscribers to nominate companies & individuals based on factors such as service, innovation, experience, sustainability, and other key criteria. Additionally, their research team has put forward a selection of firms that they felt were deserving of recognition.

Zod Security has been recognized in the Innovation & Excellence Awards Guide 2022, which will be distributed to businesses and professionals in the Corporate LiveWire network.

Zod Security deserves this award as it has worked hard in providing superb quality and service to its clients, offering only the best products in the market and training its employees to deliver a great experience to its clients, as well as providing after-sales service and maintenance. Zod Security is known as a supplier that is well invested in staying up to date with technology and information. They are recognized for their success and performance in the Lebanese market. They have been renowned for their experience, having been in the market for more than 40 years, with the expertise of being an active and founding member of the syndicate of security and safety professionals in Lebanon (SSSPL) in addition to maintaining international standards being a member of the NFPA.

Zod Security caters to some of the biggest and most renowned companies in Lebanon. Zod has been working alongside for decades, they work with banks, embassies, hotels, and hospitals, as well as in the commercial, industrial and residential sectors.

They offer countless services including [access control](#), [counter-terrorism equipment](#), [firefighting equipment](#), [gates and fences](#), [intruder protection](#), [lightning and surge protection](#), [locks and doors](#), [public safety](#), safes and vaults, and solar energy.

They offer free advice, installations, maintenance, and training. They are well informed and knowledgeable, constantly upgrading their security system while working with management, consultants, architects, and contractors for each project. They design complete security systems, and modifications and recommend the proper equipment. They also closely monitor market changes. Their experts closely oversee the steps and ensure the right implementation of the security system, as well as overlooking strict quality considerations while maintaining proper safety measures, and they guarantee a smooth performance by applying a periodic security system maintenance service. In addition, they are equipped to train clients in a professional manner concerning various topics, such as firefighting training, counter-terrorism safety training, fire drills, and fire evacuation.
