New York City, New York Jun 14, 2022 ([Issuewire.com](https://www.issuewire.com)) - Patients should feel confident that their primary care physician has expertise in the early detection and treatment of chronic issues. As a leading family physician, Dr. Albert can care for every member of a patient's family. His practice, Texas Medical Home, is conveniently located in Richardson, Texas.

Families throughout the Dallas Metroplex area can get the medical care they need at Texas Medical Home. Dr. Albert works closely with his physician assistant, Shandolyn Story PA-C, Co-Founder to provide the most advanced preventive and wellness care in the area. The bilingual team is proud to speak both English and Spanish and Dr. Albert is fluent in French. As family medicine providers, the team cares for patients of all ages, from newborns to seniors. Offering routine examinations and visits & specializing in chronic care management, they are known for helping patients manage diabetes, high blood pressure, high cholesterol, and bowel disorders.

After excelling in his undergraduate studies, Dr. Albert graduated from the University of Laval Medical School in Quebec, Canada, at the age of 23. He began his career in family medicine and worked in an emergency room for nearly a decade.

Shortly after, he relocated to Ballinger, Texas, and started his busy family practice. During this time, he continued to treat patients in an emergency room nearby in San Angelo. In 2005, he and his family moved to the Dallas Metroplex area where he took over the Texas Medical Home practice.

With an unwavering commitment to his specialty, Dr. Albert is board-certified in family medicine by the American Board of Family Medicine, a non-profit, independent medical association of American physicians who practice in family medicine and its sub-specialties. He is also a member of the Texas Medical Association and the Dallas County Medical Society.

Fluent in English, Spanish, and French, Dr. Albert's patients describe him as funny, approachable, smart, and compassionate. With a true passion for medicine, he warmly welcomes new patients and families to his practice and has no plans to retire anytime soon.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

In his spare time, Dr. Albert enjoys spending time with his children and grandchildren. Though he doesn't have too much time away from the clinic, he does enjoy driving fast cars, playing classical piano, and relaxing at the lake.
