Istanbul, Turkey Jun 2, 2022 ([Issuewire.com](https://www.issuewire.com)) - Many foreign nationals face a crisis of visiting Turkey in a short time. Therefore, emergency visas are in place to help you on the go. In addition, privately-owned agency **turkey-visa-online** has been doing an excellent job in issuing emergency visas to many foreign nationals across the globe. If you are a person who is in a dire need of visiting Turkey on an urgent basis, then this website may get it done within 24 hours. The other visas such as the Turkish Tourist Visa, Turkish Business Visa, and Turkish Medical visa don't fall in the category of emergency visas to Turkey. Hence, applicants must apply for an emergency Turkey eTA (electronic travel authority).

Applicants who are willing to apply for an **urgent emergency visa for Turkey** must note that it is a must-needed travel permit for visiting the country for any purpose. The Government of Turkey recommends that every international applicant must apply for a Turkish visa at least three days before their date of visit. The online process brought by the agency is offering every applicant to apply for their respective visas from the comfort of their homes. They will simply have to fill up a form that takes less than 5 minutes. An emergency visa to Turkey caters to situations like the death of loved ones, the funeral of a family member, court appearance, sudden sickness, and many others. Applicants must also pay the extra fees for an urgent visa which is not applicable in other cases such as tourist, medical, or business purpose visits.

The Immigration Department of Turkey works on weekends too for emergency cases of foreign applicants. After completion and submission of the form, applicants can expect their visas to be

delivered directly to their provided email addresses. The delivery process can take up as little as 24 hours and as long as 72 hours. Applicants must also bear in mind that they might have to visit their nearest Turkish embassy for proper assistance in case of emergency visas like this. The recommended time to visit the Turkish embassy is 2 p.m. For further information, visit **turkey-visa-online** at <https://www.turkey-visa-online.org/the-emergency-evisa-to-visit-turkey/>.
