Noida, Uttar Pradesh Jun 2, 2022 ([IssueWire.com](https://www.issuewire.com)) - In INDIA, people are divided just because they don't know their purpose and the culture of their professional life. They have to understand that GOD has created a company which we call EARTH and every living being is hired by GOD himself. In order to be successful and live your life, everybody must follow certain work rules. Like societies created by humans themselves, there are certain rules and regulations. Until and unless you didn't learn about yourself, your life, and your goals. You can't get into a higher position.

To know and comprehend this life, you need to know what life and religion are. There are different religions because people have different attitudes. However, this does not mean that they are wrong. In a family itself, each person could have different views on everything. This does not mean they are wrong. It's just they don't want to follow certain rules and regulations and that's completely okay as everyone should change according to the developments but a person shouldn't forget about the basic rules.

This book "[SABHI DHARMO KA SAAR](#)" ([Notionpress](#); [Amazon](#); Flipkart; Rs.149). All books are available in INDIA, UK and USA online stores for all his readers through Amazon, Flipkart, and NotionPress.) written by [NILESH KUMAR AGARWAL](#) will help you to understand that whatever be the religion you follow in this world that doesn't matter but everyone makes sure that their deeds should be good. According to any religion, true religion is the religion that teaches freedom, equality, and brotherhood. If someone says he's religious but murders someone for their greed then there's no reason to be religious. Nor Hinduism, Jainism, Buddhism, Islam, or anything like that. No religion says you harm someone. It is simply that they follow rules and regulations that they believe are sufficient for them to grow in their lives. The only reason people fight is because they haven't read their religions in depth. You should understand that "If you do not fight for it, victory always goes to the wicked because they fight for it."

Through this book, you will get the essence of all religions and what religion is all about. This book will help you not only to understand human life but also to understand what is bad and what is good.
