

# Dylan Collins to visit Phoenix Arizona

Celebrity Actor Dylan Collins visits Arizona

**Phoenix, Arizona Jun 30, 2022 ([IssueWire.com](https://www.issuewire.com))** - Celebrity star, Dylan Collins, makes his way to Twitter today announcing his return to Arizona. Dylan is a past resident of Arizona. [Dylan Collins Via Twitter](#)

It is said Dylan will be working with his social media manager. Dylan is known for his viral vine videos and his fame in Brazil. Most of you may recognize his name from your opportunities with Mitchel Musso from Hannah Montana or maybe his recent visit with Jake Paul (Also from Disney.) Dylan was seen at Jake Paul's house in Calabasas, California shortly after Jake's arrest for Arizona Looting.

Dylan is currently tweeting several Brazilian stars and getting fans all attention. Rumors say Dylan Collins will be in Phoenix for a couple of days at least and then continue to travel. He use to be a resident in Gilbert, Arizona. He is now currently traveling back and forth to New York City with management Barry Bergman; he helped launch the band AC/DC according to Twitter photos Dylan shared.

Dylan has videos of his last trip to New York City posted via Facebook on his official and verified page. They include interviews with Music Industry Executive Barry Bergman. He goes into details about his new management in a one-hour question and answers video that was followed by a video of Dylan and Barry explaining record labels and music industry business that helped Barry launch A-List celebrity AC/DC, meatloaf, and others. They discuss questions about how it feels to be in the spotlight and other music industry literature. [Dylan Collins via Facebook](#)

Dylan Collins has not announced any further information regarding others he may be within Arizona.
