

Earthdance Celebrates 25 Year Music Compilation: “Artist of the Week” dela Moon

Tickets available for Oregon Earthdance; Earthdance 25th Anniversary T-shirts Available

San Francisco, California Jun 2, 2022 ([Issuewire.com](https://www.issuewire.com)) - To celebrate our 25th year of producing transformative, conscious festivals worldwide, [Earthdance Global](#) is celebrating its anniversary with a music compilation by [Muti Music](#).

The compilation can be downloaded or streamed on several music services. Here is the link: <https://orcd.co/25yearsofearthdance>

This week's featured artist is "dela Moon." dela Moon is a resident and organizer of the Moontribe Collective, whose legendary full moon gatherings have long been at the core of Southern California's underground electronic music scene. Though renowned today for her fiery dnb/halftime sets, she has also been long been recognized for her deep, funky, and psychedelic downtempo sets.

More recently, she has expanded her range into Berlin-inspired techno. Drawing these progressive influences into each environment she faces, her sets are infused with energy and raw emotion that surpasses the thresholds of any single genre.
